# SYDNEY ANZAC DAY MARCH GUIDELINES 2011

ANZAC Day is a day of remembrance.

The aim of the Sydney ANZAC Day March is to give the participating veterans and the general public an opportunity to honour those who served in the defence of Australia or its interests, especially remembering those who paid the supreme sacrifice or otherwise suffered as a result of their service.

## ORDER OF MARCH

The Order of March will be:

Navy/Army/Air Force/Civilians in Support of Australian Troops/Descendants of Australian Veterans/Commonwealth & Allies.

Once the final draft of the March broadsheet has been approved at the March Participants meeting, the Order of March cannot be changed without the approval of the Chief Marshal.

## ELIGIBILITY TO MARCH

Anyone eligible to be a member of The Returned and Services League of Australia is eligible to participate in the March.

A descendant of a veteran can march with a unit formation as a carer (one per veteran marching), banner party or flag carrier regardless of whether they are entitled to be a member of The Returned and Services League of Australia or not. **All** other descendants are invited to march with the descendants associations in a place of prominence in front of the Commonwealth and Allies contingent. **One** descendant of a deceased veteran may honour their relative's service by wearing his/her medals on their right breast.

Units that do not contain any unit veterans participating in the March will be directed to march with the descendants association.

## KEY POINTS

- Veterans should assemble with one of the service units of which they were/are a member.
- The choice of where to march is a personal one however; it is recommended that those who served together should march together as an act of remembrance and mateship.
- Formations of more than 8 should march as close to 8 abreast as practicable in order to pass the Cenotaph.
- As the ANZAC Day March is an act of remembrance and commemoration, dress should reflect the dignity of the occasion and children should be of discretionary years.
- Veterans who are unable to march should make use of the taxi/bus service provided at the beginning of the March.
- Formation commanders may invite some members to join them in their vehicles.
- The March is four hours long and aged or infirm veterans who feel they may not cover the whole distance on foot are encouraged to position themselves at the rear of their formation. This allows the veteran to fall out independently and proceed to an exit point.
- Exit points, first aid stations and golf carts will be provided in Market Street.
- Please **DO NOT** stand in any vehicle during the March. Apart from the danger, there are significant insurance and legal implications for the March organisers as well as the military drivers, who are all volunteers for the day.
- The Sydney ANZAC Day March is not a parade and therefore no vehicle, animal, weaponry or memorabilia (including historical uniforms) may be included without the prior approval of the March organisers.
